

West Virginia Chamber Foundation & RED (Regional Economic Development Partnership) Mini-Grant Application

*The West Virginia Chamber Foundation, in partnership with RED is offering **Mini-Grants to Small Businesses** in flood affected counties. These grants will be provided to small West Virginia businesses that demonstrate the need for financial assistance for recovery from the impact of this flood. Donation information can be found at the bottom of this page. Thank you in advance for your support of our West Virginia businesses.*

The Need

The flood event of June 14, 2025 had a devastating effect on numerous communities throughout West Virginia. This devastation included many small businesses located in flood-impacted communities. These Mini-Grants will be awarded to small businesses to assist them in putting people back to work, restoring their services, and reopening their doors to the public.

How Does It Work?

Through a simple one-page application, businesses affected by the historic flooding can apply for mini-grants to get back in business. Applications are due by June 22, 2025 and will be reviewed by the end of the review period. Mini-Grants can be used for any legal purpose that assists these small businesses in their rebuilding or reopening efforts, including payment of utilities, payroll, operating expenses, etc.

All grant recipients are expected to report on the expenditure of grant funds and the results of the supported project by the end of the year (December 31, 2025).

Who Can Apply?

Any business directly affected by the floods in Federally Declared Disaster Counties or State of Emergency Declared Counties.
